

Our priorities for 2023-24

To improve the **engagement of vulnerable students** in the school community and reduce the number of those students being suspended.

To ensure all students are **fully prepared for their next steps** and have been given opportunities to develop their skills and experience of Post-16 pathways.

All members of the school community embody **the Stanway Standards and Respect agenda** in their interactions with others.

The school community has a **clear ambition for high performance** in every aspect of school life.

Access 4 All is an embedded culture that allows all students, regardless of their backgrounds, to attend, achieve and enjoy their education through adaptive teaching.

Teachers expertly deliver **challenging and inspiring lessons** that enable students to be fully engaged in their learning.

Students can **articulate their experiences of a rich and inviting curriculum**, designed to improve their cultural and academic opportunities.
